DARLENE SENGER
STATE REPRESENTATIVE • 96TH DISTRICT

National Automotive Service Professionals Week
June 7-13, 2010

Dear Fonda Vamvakas,

I am honored to take this opportunity during National Automotive Service Professionals Week to say thank you to you and your staff, and to express my appreciation and utmost respect for your dedicated service to our community. As State Representative of the 96th District, I sincerely value your profession and dedication to meeting the needs of the people in our community.

"As the old fable 'The Tortoise and the Hare' proves, steady determination wins the race; a quick, sloppy job never prevails. Along the path to success you remain determined and never lose focus on the finish line. By persevering to get the job done well, you've set a wonderful example for those around you."

Truly, this quotation depicts your character and is a great representation of all the hard and skilled work that you do each and every day.

Again, thank you for your dedication and continued best wishes.

Sincerely,

A handwritten signature in cursive script that reads "Darlene J. Senger".

Darlene Senger
Illinois State Representative 96th District
